**RE: ADDENDUM NO. 2
CITY OF YORK
ROAD RESURFACING REHABILITATION PROJECT ALONG ALTMAN ST,
DERBY DR, & BRENT DR
DRA PROJECT NO. AL-54874
CONTRACT NO. YO24 060**

The changes, modifications and/or additions covered by the set forth in this Addendum No. 2 shall become part of and be incorporated in the Specifications, Contract Documents and Bid Documents for the above referenced Project.

CLARIFICATION

- Existing Asphalt Speed Bumps shall be replaced with new Asphalt Speed Bumps.
- Traffic Control Markings shall use Elastomer Paint.
- Vibratory Methods for Compaction shall not be used.
- Item number six in the Proposal Form is a Pay Item for the cost for the DRA Sign that is required under this project.

CONTRACT AND SPECIFICATION DOCUMENT

- The Proposal Form shall be replaced with the attached.
- The attached DRA Signage Notice shall become a part of the specification and contract documents.

DRAWINGS

- Sheet 4 shall be replaced with the attached.
- Sheet 5 shall be replaced with the attached.

Bidder agrees to perform all the The City Of York Road Resurfacing Rehabilitation Project Along Altman Street, Derby Drive, and Brent Drive DRA Project No. AL-54874 work described in the specification and shown on the plans, for the following unit prices:

ADDENDUM #2

7/03/2024

PROPOSAL FORM

No.	Description	Quantity	Bid Unit Cost	Bid Cost
1.	Mobilization Furnish and Install Per LS	1		
2.	Bituminous Concrete Wearing Surface Layer, Patching, and Leveling Furnish and Install Per Ton	425		
3.	Milling Existing Pavement (1.0" – 1.5") Thick Furnish and Install Per SQFT	12,000		
4.	Bituminous Concrete Overlay Surface Layer, 1.5" - 2.0" Thick Furnish and Install Per Ton	1,100		
5.	Traffic Striping Furnish and Install Per Mile	1.5		
6.	DRA Project Sign Furnish and Install Per LS	1		
7.	10' Tie-In Length to Existing Pavement Furnish and Install Per EA	7		
8.	Valve Box Reset and Manhole Adjustments Furnish and Install Per EA	11		
9.	Valve Box Reset Furnish and Install Per EA	6		
10.	Tack Coat Furnish and Install Per GAL	1,000		
11.	Clean-up, Seeding, and Grassing Furnish and Install Per LS	1		
12.	Traffic Control Markings Furnish and Install Per SQFT	900		
TOTAL OF BID				

NOTE: Amounts are to be shown in both written form and figures. In case of discrepancy, the written Total Bid Amount shall govern.

Written Form of Bid

Total _____

(Amounts are to be shown in both words and figures. In case of discrepancy, the amount shown in words will govern.)

The above unit prices shall include all labor, materials, bailing, shoring, removal, overhead, profit, insurance, etc., to cover the finished work of the several kinds called for.

Bidder understands that the Owner reserves the right to reject any or all bids and to waive any informalities in

Delta
Regional
Authority

Exterior Project Signs

The project contractor shall supply, erect, and maintain in good condition a project sign according to the specifications and guidelines set forth in this document.

If the project involves construction that is visible to the public, signage should be included in a conspicuous area.

The grantee shall be responsible for all costs associated with the production and installation of all project signage.

The DRA seal should be included in equivalent size to the identities of other agencies on signage for projects also funded by USDA, EDA, and other funding partners.

Project signs shall not be erected on public street/highway rights-of-way. If any possibility exists for obstruction of traffic line of sight, the location and height of the sign should be coordinated with the agency responsible for street or highway safety in the area.

Delta Regional Authority may permit modification of these specifications if they conflict with state law or local ordinances.

Material Specifications

Panel: 4' x 8' x 3/4" exterior grade MDO plywood (APA rating A-B).

Posts: 4" x 4" x 12' structural grade treated Douglas Fir or Southern Yellow Pine, No.1 or better. 2" X 4" bracing of equivalent material shall be installed per the

attached drawing. If local winds require, additional braces shall be added to ensure the sign does not blow over.

Finish Schedule

Panel: Plywood shall be primed and painted overall SW 7006 Extra White (or equivalent) exterior enamel.

A 12" high band of SW 6510 Loyal Blue (or equivalent) shall be painted across the bottom of the panel to include the left, right and bottom edges.

Posts: Posts shall be primed and painted SW 6510 Loyal Blue (or equivalent).

Formatting Instructions

Instructions for laying out the graphics for a typical project sign are provided on the last page of this document.

Vector Digital Artwork

In an effort to ensure consistency and make the job easier, DRA provides digital vector artwork. These vector files are in .ai format with all type converted to outlines. Sizing instructions for each sign component appear on the layout sheet (page 4).

For DRA digital artwork, please contact Susan Edwards at: sedwards@dra.gov

ALABAMA • ARKANSAS • ILLINOIS • KENTUCKY • LOUISIANA • MISSISSIPPI • MISSOURI • TENNESSEE

General Notes

Size: 4' x 8' x 3/4"

Material: Exterior grade MDO plywood (APA rating A-B)

Posts: 4" x 4" x 12' posts Posts shall be set in a 12" diameter hole a minimum of four feet deep. If local winds require, braces should be added to ensure the sign does not blow over.

DRA Seal: 17" diameter shall be printed on white 3M Scotchlcal, or equivalent vinyl, with solvent-based inks.

For DRA digital artwork, please contact Susan Edwards at: sedwards@dra.gov

Project Name:
Construction Project Signs

Project:	Sheet:
Date: May 2021	1/2
Scale: 1" = 1'	

Project title lettering
X-height: 3.75"
Font: Helvetica Neue 77, Bold Condensed
Letterspacing: +25
Vinyl: Black 3M Scotchlcal vinyl or equivalent.

Sponsor, Architect and Engineer lettering
X-height: 2"
Font: Helvetica Neue, 77 Medium Condensed
Letterspacing: +25
Vinyl: 3M Scotchlcal vinyl or equivalent.
(Minimum lettering X-height shall be 1.75")

Funded by DRA
X-height: 3"
Font: Helvetica Neue, 77 Bold Condensed
Letterspacing: +145

President, federal co-chair and state list
X-height: 1.4"
Letterspacing: +55

All lettering for blue bar shall be cut from white 3M Scotchlcal vinyl, or equivalent.
An alternate production method is to direct print all artwork, including the blue band, directly to the painted substrate.

For DRA digital artwork, please contact Susan Edwards at: sedwards@dra.gov

General Notes

Size: 4' x 8' x 3/4"
(typical)

DRA Seal: Shall be printed on white 3M Scotchcal, or equivalent vinyl, with solvent-based inks. The seal may be die cut using the vector circular outline built into the artwork.

DRA Logotype: The logotype may be printed on a finished substrate, along with the Seal, but it may also be cut from black 3M Scotchcal, or equivalent vinyl, and applied directly to the substrate.

For DRA digital artwork, please contact Susan Edwards at: sedwards@dra.gov

Project Name:
Partial Funding Project Signs

Project:	Sheet:
Date:	2/2
Scale:	1" = 1'

The Delta Regional Authority Seal, Logotype and President's name must appear on project signs where DRA is a partial funding source.

While the overall size may vary, the Seal and Logotype shall have equivalent optical weight as the identities of other federal, state or local funding sources. (No ID should not visually dominate another)

NOTE: The spatial relationship between the DRA Seal and Logotype is fixed and should never be altered. Likewise, the font used in the logotype should never be altered.

For DRA digital artwork, please contact Susan Edwards at: sedwards@dra.gov
